Beehive Montessori School Inc.

PATRON’S MESSAGE

I am delighted to take on the role of Patron of Beehive Montessori. Our eldest son, Nikolas, was a student at the Victoria Park Montessori for several years and so I am well aware, and supportive of the Montessori values and teachings. Respect and nurturing of individual needs and abilities, encouraging a sense of community and global responsibility are values that must be instilled at an early age to ensure lifelong appreciation and practice.

The new building project is an exciting one for the Beehive Montessori School. It is a project that will revitalize the school and provide additional capacity for students and staff. I encourage you all to support the Capital Gifting Program to raise the urgently needed funds to turn this dream into reality.

Tonya McCusker
