January 2015

Good news!

We are about to commence building the Junior Primary classrooms (Stage 2B). We will soon see a fence erected that will frame our new leased area and a bill board has been erected so that you can see the building program broken into the stages. By Term 3 2015 the early childhood section of the school, 100 children will move into their new premises.

A slab has been laid for the Middle Primary classrooms (Stage 2C). We are seeking funds to complete this wing of the school. This will offer state of the art facilities for up to 100 middle primary children.

We are seeking your support to raise funds to reach our target, either by a one off gift, an annual pledge or a bequest. This is a good time to consider this before the end of the financial year, any donations made by 30th June 2015 will receive a tax receipt and you can make a claim.

Step by step we are coming closer to achieving our vision of a village for our children to thrive.

Yours sincerely

RHONDA SHEEHAN
Principal
