

Behaviour Policy

Policy

The Beehive Montessori School is committed to ensuring that every member of the School community feels safe and protected, and behaves in a respectful and responsible way that leads to a safe and supportive environment.

Beehive is committed to ensuring a respectful learning environment that is safe, positive and supportive for all students. The Beehive Montessori School implements the National Child Safe Organisation Principles through its Child Safe Organisation Framework to underpin all Beehive's policies, procedures, practices and strategies to ensure the provision of an environment where children feel respected, valued, supported and safe from harm.

Background

The Montessori National Curriculum includes a strong ethical and prosocial component. Prosocial values are practised daily in Grace and Courtesy lessons and include the explicit teaching of prosocial skills such as cooperation, negotiation and inclusion. In addition, for many years the School has embraced the Virtues Program which provides additional strategies to address the social and emotional development of our students.

From time to time, students will not behave appropriately and will need behaviour management strategies. On enrolment, parents sign the Behaviour Policy Agreement to acknowledge their understanding of the management of student behaviour at Beehive.

Minor misbehaviour is behaviour or disruption that interferes with the orderly educational process within the school. Examples include but are not limited to interfering with the work of others, disturbing the concentration of others, and inappropriate social interactions.

Serious misbehaviour is recurring covert or overt behaviour that results in property destruction, willful defiance, or physical or emotional injury to others. Examples of serious misbehaviour include but are not limited to refusal to work, aggression, temper tantrums, damaging property, violence, stealing, seriously inappropriate social interactions, bullying and harassment. Bullying may have lifelong effects on those involved, and is about using power in various ways to cause physical and/or psychological harm. It can be verbal, physical, and online.

By implementing the National Child Safe Organisation Principles, the School supports student safety and wellbeing, responds to incidents of harassment, aggression, violence or bullying and promotes a positive school culture.
